NCCN CORPORATE COUNCIL

NCCN Corporate Council

NCCN offers membership to NCCN Corporate Council in order to significantly enhance collaborative efforts between NCCN and health care companies. Members include pharmaceutical, biotechnology, and diagnostics companies, as well as health information technology organizations. Membership also allows for regular communication with NCCN throughout the year. Memberships may be customized with many of the non-CE programming opportunities highlighted in this prospectus.

Sample benefits to a Corporate Council membership may include*:

- Attendance at semi-annual Corporate Council meetings
- Complimentary registration to NCCN Symposia
- Complimentary tuition to NCCN Academy
- Subscriptions to NCCN Flash Updates™
- Recognition of Corporate Council membership at NCCN Annual Conference and NCCN Annual Congress: Hematologic Malignancies™
- Online Subscriptions to *JNCCN—Journal of the National Comprehensive Cancer Network*
- Acknowledgment on the NCCN website: NCCN.org
- Monthly Corporate Council newsletter
- Access to annual NCCN Guidelines User Survey report
- Annual NCCN Policy Update
- Free access to NCCN Templates®
- Opportunity to participate in NCCN 101 Web-Ex

Additional items may be included to customize your membership:

- Support of and attendance to NCCN Policy Summits, State Oncology Society Forum, and/or Employer Forum
- NCCN Trends™ Survey questions
- Placement of live link to REMS program on NCCN.org
- Exhibit and/or NCCN Reimbursement Resource Room space at and/or sponsorships of the NCCN Annual Conference or NCCN Annual Congress: Hematologic Malignancies™
- Corporate Council rate of NCCN.org website sponsorship
- License and permission to use NCCN Clinical Practice Guidelines in Oncology (NCCN Guidelines®) content in promotional and educational materials
- Access to NCCN Compendia® and other NCCN Subscription Products with permission to copy and distribute pages/copies
- *NCCN eBulletin* newsletter advertising
- NCCN Pocket Guide or Flash Card distribution

**The above benefits are examples of programming that can be included in a membership. Memberships are not limited to the benefits listed above nor are the benefits included in all memberships. NCCN imposes strict policies to shield the NCCN Guidelines development processes from improper influences because of the importance of the guidelines, guidelines credibility and their impact.*

NCCN ACADEMY

NCCN Academy for Excellence & Leadership in Oncology™: School of Pharmaceutical & Biotech Business

During this interactive program, pharmaceutical and biotechnology professionals are given the rare opportunity to view the oncology space, its future and its current operational issues from the provider, advocacy, and payer perspectives. Through this pharmaceutical and biotech training program, participants will improve their working knowledge of key business, policy, coverage, reimbursement, informational, and operational issues in oncology while gathering valuable insights into developing effective strategies for navigating the cancer care spectrum.

Curriculum has included sessions about:

- Ensuring Access to Innovative Oncology Therapies and Care in the Age of the Inflation Reduction Act
- Addressing the Mental Health Needs of Patients with Cancer
- Reducing Disparities Through Community Engagement and Collaboration
- Meet the NCCN Guidelines Panel Experts
- Issues in Testing and Guideline Concordant Care & Payer Perspectives
- Health Equity- Addressing Inequities, Testing Gaps & Solutions
- Continuum of Care Management: Screening, Palliative Care/End of Life Planning
- Real World Trends Impacting Cancer Care – Cost, Reimbursement, and Policy

LICENSING AND PERMISSIONS

Licensing and Permissions

NCCN regularly licenses with companies and organizations for permission to distribute NCCN Content, as well as for use of NCCN Content in educational and promotional materials, including slide decks, advertisements, and web-based materials. NCCN Content is a highly-valued and trusted resource for health care professionals. Utilizing NCCN Content helps bring credibility to marketing and educational materials.

If you or your organization would like to license NCCN Content for any purpose, please visit [NCCN.org/permissions](https://www.nccn.org/permissions) to make a formal submission.

Licensing in Health Information Technology

NCCN works with organizations for use of content within Health Information Technologies (HIT), including but not limited to clinical decision support and mobile applications for use at point-of-care and as a standard for medical appropriateness review. NCCN works to inform and regularly notify licensing organizations of updates to the NCCN Content contained in the technologies to ensure that the NCCN Content represented in the tools is up-to-date and consistent with what is published on [NCCN.org](https://www.nccn.org).

NCCN Content is a valuable asset of NCCN and is subject to copyright, trademark and other legal protections. NCCN Content may not be used, copied, distributed or modified in any manner without a written license agreement from NCCN. NCCN works with organizations interested in using NCCN Content through the NCCN permissions process.

DISTRIBUTION OF NCCN CONTENT

NCCN Clinical Practice Guidelines in Oncology (NCCN Guidelines®)

NCCN Guidelines® and associated clinical resources are widely recognized and used as the standard for clinical policy in oncology in both the academic and community settings and significantly influence appropriate practice patterns and prescribing behavior. Distribution of NCCN Content provides health care professionals with a valuable resource.

NCCN Guidelines: Pocket Guides

Pocket Guides are pocket-sized versions of the NCCN Guidelines, conveniently sized to fit in a lab coat pocket. They serve as a valuable reference tool for physicians, nurses, pharmacists, and other oncology health care professionals. NCCN Pocket Guides allow clinicians to reference the NCCN Guidelines in making treatment decisions more easily, as well as to have more informed conversations with patients at the point of care. Pocket Guides also contain a QR code for access to the Virtual Library of NCCN Guidelines Mobile App, providing health care professionals even greater access to this information. Pocket Guides are printed on quality gloss stock for durability and have coil spines so that algorithms can be viewed as two-page spreads. Content is formatted in sections with colored tabs so readers can quickly and easily reference desired sections. NCCN distributes thousands of pockets guidelines each year.

NCCN Flash Cards

NCCN will develop a customized NCCN-branded Flash Card with selected pages from the NCCN Guidelines. The Flash Card is a quick-reference tool for clinicians that aids them in their implementation of the NCCN Guidelines. The Flash Card is compliant with the current PhRMA code and meets the criteria to be considered an appropriate educational item.

NCCN Guidelines for Patients®

NCCN aims to provide state-of-the-art cancer treatment information in easy-to-understand language for people facing cancer and the general public. The NCCN Foundation® offers the opportunity to distribute the NCCN Guidelines for Patients. For more information, please contact NCCN Foundation Executive Director Patrick Delaney, delaney@nccn.org.

Sponsorship of the NCCN Guidelines Formatted for Smartphone and Tablet Computers

This easy-to-use and convenient format further assists health care professionals in their implementation of the NCCN Guidelines, improving the quality and effectiveness of care provided to patients with cancer. Sponsorship includes copies of a promotional card containing instructions to access the Virtual Library of NCCN Guidelines app and/or a QR code that allows users to download the specified NCCN Guideline directly to their mobile device, for your company's distribution to health care professionals. During 2022, NCCN Guidelines were downloaded more than 13.3 million times from NCCN.org and the app, which is available free-of-charge for Apple and Android devices.

COMMERCIAL SPONSORSHIPS AND EXHIBITOR OPPORTUNITIES AT NCCN ANNUAL CONFERENCE

Opportunities include:

- o Commercial Level Sponsorships
- o Exhibit Space
- o Reimbursement Resource Room Tabletops
- o Patient Advocacy Pavilion Sponsorship
- o Product Theaters
- o Exhibit Guide Advertisements & Door Drops
- o Exhibit Hall Offerings

NCCN 2024 Annual Conference

Scheduled for: April 5 – 7, 2024

The NCCN Annual Conference attracts more than 1,600 registrants from across the United States and the globe including oncologists (in both community and academic settings), oncology fellows, nurses, pharmacists, and other health care professionals involved in the care of patients with cancer. Respected opinion leaders present the latest cancer therapies and provide updates on selected NCCN Guidelines, the data upon which the NCCN Guidelines are based, and quality initiatives in oncology. Topics change annually but focus on the major cancers and supportive care areas. Please visit [NCCN.org/conference](https://www.nccn.org/conference) for updates about this program.

Commercial Level Sponsorships

NCCN is pleased to invite organizations to sponsor the NCCN 2024 Annual Conference. Sponsor levels are Presenting, Platinum, Gold, Silver, and Bronze. Benefits and recognition increase with each level.

Exhibit Space

The conference will host a multi-day Exhibit Hall. Exhibitors have the opportunity to promote brands or provide company information with an exhibit.

NCCN Reimbursement Resource Room

NCCN will have a dedicated section in the Exhibit Hall for clinicians to visit and learn about industry reimbursement help and services. This sponsorship comes with a year-long placement on the *Virtual Reimbursement Resource Room*, inclusion in the NCCN Reimbursement Resource app, and other benefits.

NCCN Patient Advocacy Pavilion Sponsorship

The NCCN Patient Advocacy Pavilion program provides for yearlong collaboration with oncology patient advocacy organizations. Through this sponsorship, groups can share information at the NCCN Annual Conference and the NCCN Annual Congress. Advocates receive attendance to these programs, invitations to an Advocacy Pavilion kick-off event, attendance at NCCN Annual Congress: Hematologic Malignancies™ and the NCCN Patient Advocacy Summit, support materials, and additional advertisement opportunities. Sponsors will have the opportunity to nominate groups and will be recognized at both annual events.

Product Theaters

Sponsors are able to give a non-CE promotional presentation, which will last 25 minutes followed by a five-minute audience Q&A session.

Exhibit Guide Advertising

Advertising in the NCCN Exhibit Guide provides uncommon exposure to influential oncologists, nurses, pharmacists, and other health care professionals.

Door Drops

Sponsors can provide a custom piece to be delivered to all attendees.

Exhibit Hall Offerings

- Charging Station Sponsorship
- Food and Beverage Sponsorship
- Wellness Sponsorships – *New for 2024!*

COMMERCIAL SPONSORSHIPS AND EXHIBITOR OPPORTUNITIES AT NCCN ANNUAL CONGRESS: HEMATOLOGIC MALIGNANCIES™

Opportunities include:

- o Commercial Level Sponsorships
- o Tabletop Exhibit Space
- o Patient Advocacy Pavilion Sponsorship
- o Exhibit Guide Advertising & Door Drops
- o Exhibit Hall Offerings

NCCN 2024 Annual Congress: Hematologic Malignancies™

Scheduled for: September 20 - 21, 2024

The NCCN Annual Congress: Hematologic Malignancies™ attracts more than 450 attendees. The treatment of hematologic malignancies is increasingly complex. Issues relating to pathology, transplantation, and various new therapies require oncologists and hematologists to stay abreast of new advances. In addition, targeted therapies and oral treatments bring new benefits to patients. This program will feature presentations and panel discussions on patient cases.

Commercial Level Sponsorships

NCCN is pleased to invite organizations to sponsor the NCCN 2024 Annual Congress. Sponsor levels are Presenting, Platinum, Gold, Silver, and Bronze. Sponsor packages can be customized to meet specific marketing needs. Benefits and recognition increase with each level.

Exhibit Space

The NCCN Annual Congress will host a multi-day Exhibit Hall. Exhibitors have the opportunity to promote brands and provide company information with tabletop displays.

POLICY INITIATIVES

Oncology
Policy
Summits

NCCN Policy Summit Series

The NCCN Oncology Policy Program allows opportunities for discussion among oncology stakeholders to address relevant health policy concerns.

In 2024, NCCN will hold three Policy Summits, including a patient advocacy summit, that include a broad scope of stakeholders, including, but not limited to, patients, advocates, clinicians, administrators, payers, and regulatory experts.

New for 2024:

- Sexual and Reproductive Health and its Impact on the Cancer Care Experience
- Advancing Diversity, Equity, and Inclusion in the Cancer Workforce
- Better Information for Better Outcomes: Policy and Practice Strategies for Patient Education

Past agenda topics have included:

- Measuring and Addressing Health-Related Social Needs in Cancer
- Cancer Across Geography
- Best Practices and Policies for Addressing the Health Needs of LGBT+ Cancer Patients and Survivors
- Reducing the Cancer Burden through Prevention and Early Detection
- The Impact of Advancements in Technology on Cancer Care in 2021
- Advancements in Precision Medicine and Implications for Quality, Accessible, and Equitable Cancer Care

Featured speakers have included:

- Danielle Carnival, PhD (White House Cancer Moonshot Coordinator)
- Scott Gottlieb, MD (23rd Commissioner of the FDA)
- Congressman Buddy Carter (R-GA)
- Congresswoman Diana DeGette (D-CO)
- Congressman Mark DeSaulnier (D-CA)
- LaShawn McIver, MD, MPH (Director, CMS Office of Minority Health)
- Congressman Ted Poe (R-TX)
- Congressman Fred Upton (R-MI)
- Senator Chris Van Hollen (D-MD)

Support of NCCN Policy Summits includes recognition of support, invitation(s) to attend, and permission to distribute the resulting article/summit summary.

POLICY INITIATIVES

continued from previous page

Initiatives to Advance Cancer Equity

Numerous studies have identified significant racial disparities in both access to optimal cancer care and in cancer care outcomes. To address this, NCCN partnered with the American Cancer Society Cancer Action Network and the National Minority Quality Forum to convene the Elevating Cancer Equity initiative in 2020. This initiative aimed to meaningfully move toward action through the identification and promotion of actionable policy and practice change solutions to advance equitable cancer care.

Specifically, the initiative:

- Convened the Elevating Cancer Equity Working group in 2021 that developed a Health Equity Report Card, comprised of 17 total practice recommendations to improve the accessibility of care, address bias in care delivery, address the social determinants of health, and improve community engagement by oncology care providers
- Launched a pilot of Health Equity Report Card in 5 academic cancer centers
- Launched an Alliance for Cancer Care Equity in August of 2022 to advance more equitable cancer care systems through policy change

More information on the initiative can be found at [NCCN.org/policy](https://www.nccn.org/policy).

Next steps include:

- Completing phase two of the pilot in academic cancer centers
- Launching the Health Equity Report Card in community oncology settings
- Continuing and expanding the work and impact of the Alliance for Cancer Care Equity in partnership with ACS CAN and NMQF

For more information on sponsorship opportunities, please reach out to the NCCN contacts listed on the final page.

STATE ONCOLOGY POLICY INITIATIVES

- o State Oncology Society Forum
- o State Policy Program

NCCN State Oncology Society Forum

NCCN collaborates with state oncology societies throughout the year to contribute to our mutual commitment to quality care for patients with cancer. In recognition of the essential role of community oncologists and their representative state oncology societies in advancing the quality of cancer care, NCCN holds an annual meeting to provide a forum for open dialogue, an exchange of best practices, and the identification of areas for collaboration. Fundamental to the success of this program is the shared core value of the state oncology societies and NCCN, which is to improve the lives of patients with cancer.

Past agenda topics have included:

- Use of NCCN Content for Utilization Management & Value-Based Contracting
- Efforts to Improve Access to Biomarker Testing in Community Settings
- Local Coverage Determinations
- Transforming Prior Authorization Using Decision Support
- Update on Innovation
- Policy Perspective: Post Election Impact
- ACOS: Coordinated Care under the ACA
- Best Practices
- Best Patient Resources
- Best Technology for Reporting Quality
- Clinical Research in a Community Setting
- Payer Perspective: Models for Quality
- Utilization of Clinical Guidelines to Pathways
- Value Pathways Powered by NCCN™
- Utilization of NCCN Content within Health Information Technologies

NCCN State Policy Program

NCCN launched the NCCN State Policy Program to advance patient access to guideline adherent care through health policy research, policy education, and engagement at the state level. The NCCN State Policy Program works to advance patient access to guideline recommended biomarker testing through improved coverage policy. In previous years, NCCN has provided educational briefings for state policymakers on the importance of biomarker testing and strengthened partnerships with state oncology societies and patient advocacy groups. In 2023, NCCN will continue policy education and partnership building while also exploring health policy research projects. NCCN has seen success and value from this programming in only a short period of time and anticipates significant opportunities to improve cancer care through state level engagement.

Funders of the NCCN State Policy Program will receive:

- Attendance for two (2) representatives at annual webinar on state cancer care programming and access to recording if unable to attend
- Access to any associated state policy publications and policy reports
- Quarterly state policy program update calls with NCCN state policy team with attendees of sponsor's choice, as requested

National
Comprehensive
Cancer
Network®

NCCN EMPLOYER FORUM

NCCN Employer Forum

Employers share NCCN's mission of improving the lives of patients with cancer. Throughout the year, NCCN engages in discussions with employers to identify opportunities to facilitate access to evidence-based oncology care for employees. In recognition of their critical role in ensuring access to high-quality, high-value cancer care, NCCN will also extend an annual invitation to representatives of employers and employer groups to participate in a forum that allows for open dialogue on trends in evidence-based cancer prevention and treatment, an exchange of best practices, and the identification of collaboration opportunities.

Past topics have included:

- Employer collaborations with health plans
- Employer collaborations with patient advocacy groups
- Academic cancer centers in benefit design
- Evaluating national coverage policies for cancer care
- Evolution and innovation in the cancer care continuum:
Ensuring quality
- Clinical education to ensure employers utilize evidence-based care/benefits
- Understanding the needs of employers, managing cancer in the workplace
- Understanding evidence based cancer care, insights & tools for employers
- Living and working with cancer, information for employees

ADVERTISING OPPORTUNITIES

NCCN eBulletin Newsletter Advertising

Delivered regularly to registered users of NCCN.org, *NCCN eBulletin* newsletters share timely news about topics spanning the global oncology environment and bridge clinical, policy, and operational perspectives. NCCN publishes four editions of *NCCN eBulletin*, each intended for a specialized audience.

- *NCCN eBulletin*: Features clinical and operational trends in the delivery of cancer care and the oncology health policy environment, notification of recent updates to the NCCN Guidelines, and links to notable advances in treatment and research at NCCN Member Institutions. Reach more than 180,000 subscribers from the United States.
- *NCCN eBulletin: Global Edition*: Features clinical and operational trends in the delivery of cancer care and the oncology health policy environment and detailed information on NCCN Global Initiatives, as well as new translations and adaptations of the NCCN Guidelines. Reach more than 342,000 key stakeholders practicing in more than 190 countries outside of the United States.
- *NCCN eBulletin: Member Institution Edition*: Features executive messages, NCCN Program and Committee updates, journal contributions, subscription and benefit notices, program participation announcements, and NCCN Foundation® messages. Reach more than 18,000 readers from the 33 NCCN Member Institutions.
- *NCCN eBulletin: Patient Advocacy Edition*: Features recent updates to the NCCN Guidelines for Patients, patient and caregiver information, oncology health policy and research, and NCCN news and events. Reach more than 22,900 subscribers in the patient advocacy space.

JNCCN—Journal of the National Comprehensive Cancer Network Advertising

More than 24,000 oncologists and other cancer care professionals across the United States read *JNCCN*. This peer-reviewed, indexed medical journal provides the latest information about best clinical practices, health services research, and translational medicine. *JNCCN* features updates on the NCCN Guidelines®, (solicited) review articles elaborating on guideline recommendations, health services research, and case reports highlighting molecular insights in patient care.

Advertising opportunities exist in print, for the website, for electronic table of contents emails, and more. Further details are available at JNCCN.org.

WEBSITE SPONSORSHIP OPPORTUNITY

NCCN Website Sponsorship — [NCCN.org](https://www.nccn.org)

NCCN.org is a robust and comprehensive resource of clinical information, which includes the only online postings of all NCCN Guidelines. In 2022, there were more than 4.1 million unique visitors to NCCN.org and more than 1.7 million individual registered users. Physicians and other medical professionals, as well as patients and their caregivers, regularly visit NCCN.org for highly credible clinical information, including:

- NCCN Clinical Practice Guidelines in Oncology (NCCN Guidelines®)
- NCCN Drugs & Biologics Compendium (NCCN Compendium®)
- NCCN Chemotherapy Order Templates (NCCN Templates®)
- NCCN Imaging Appropriate Use Criteria (NCCN Imaging AUC™)
- NCCN Biomarkers Compendium®
- NCCN Radiation Therapy Compendium™
- Information and profiles on the 33 NCCN Member Institutions
- NCCN Global Program
- NCCN Oncology Research Program (ORP) Information
- NCCN Oncology Policy Program
- Registration for all NCCN educational programs
- NCCN *Virtual* Reimbursement Resource Room – enabling readers to learn about patient assistance programs and reimbursement services

Visitors to [NCCN.org](https://www.nccn.org) include:

- Oncologists from private practice, government, and academic settings
- Oncology fellows
- Nurses
- Pharmacists
- People with cancer, their caregivers, and family members
- Health care publishers
- Patient advocacy organizations
- Payers, managed care medical directors, case managers, etc.
- Other professionals and key opinion leaders in oncology
- Pharmaceutical, medical device, and biotechnology companies

NCCN REIMBURSEMENT RESOURCE ROOM AND MOBILE APP

NCCN Reimbursement Resource Room and Mobile App

The oncology reimbursement landscape continues to present ever-evolving challenges for clinicians. As a response to these ongoing challenges, NCCN has strategized to provide access to and information about resources available within the reimbursement space. To help clinicians and their staff address reimbursement challenges, NCCN developed the NCCN Reimbursement Resource Room (RRR) including the NCCN *Virtual* RRR and free RRR mobile app. In 2022, the NCCN *Virtual* RRR had more than 4,000 page views.

The NCCN Reimbursement Resource Room at the NCCN Annual Conference is a designated section of the Exhibit Hall for clinicians to go to learn about industry reimbursement help/services. All participants receive a display area at the Conference.

All participants in the NCCN Reimbursement Resource Room have content and links included in the NCCN *Virtual* Reimbursement Resource Room on [NCCN.org/reimbursement](https://www.nccn.org/reimbursement) and the NCCN Reimbursement Resource Mobile App for a term of one year, and additional promotion throughout the year including free ads in *NCCN eBulletin* newsletters.

NCCN TRENDS™ SURVEYS & DATA

NCCN Trends™ Surveys & Data

NCCN Trends™, electronic surveys from NCCN, focus on how clinicians in the United States and globally deliver cancer care. NCCN Trends™ Surveys pose questions regarding topics including, but not limited to, patterns of care, and awareness and utilization of various treatment modalities, as well as key topics impacting oncology stakeholders, such as how changes in the health care environment impact them and their patients.

Organizations supply draft questions for each survey. Following review within the NCCN Trends™ team and prior to survey launch, a consultation call may be scheduled to discuss any potential refinements to the questions according to research goals and data needs. The data is then gathered through brief electronic surveys to health care providers who access the NCCN website on a frequent basis and express interest in responding to NCCN Trends™ Surveys. These clinicians consist of practicing physicians in diverse practice settings, including academic/research cancer centers, community hospitals, and private practices. Survey participants also represent pharmacists, nurses, and other oncology stakeholders.

NCCN Trends™ provides detailed analyses of resulting data that can help determine trends and patterns by geographical region, practice size, practice setting, and specialty.

NCCN Trends™ Surveys and Data are independent of any NCCN Guidelines or other NCCN clinical recommendations. Participants in the surveys receive a summary of survey results that offer insight into their own practice and that of their peers.

NCCN ONCOLOGY RESEARCH PROGRAM (ORP)

Value to Funders:

- o Long-standing relationships with leading investigators and key thought leaders at NCI-designated cancer centers across the country
- o History of effective, productive collaborations with funders, including industry
- o High-quality peer review process for investigator initiated research and quality improvement collaborations
- o Flexible and tailored research platforms
- o Standardized contracting process
- o Rapid study start-up
- o Close investigator engagement and oversight of study progress

NCCN Oncology Research Program (ORP)

Mission Statement

The NCCN Oncology Research Program (ORP) fosters innovation and knowledge discovery that improve the lives of patients with cancer.

About ORP

The NCCN ORP is a comprehensive program utilizing diverse research platforms and expert scientific advisors to foster the development of innovative research and quality improvement initiatives to benefit people with cancer. NCCN ORP's core services focus on facilitating the conduct of preclinical, clinical, translational, and implementation/outcomes research and quality improvement collaborations, assisting companies with drug/device development plans and strategies, and ensuring that results of funded research are publicly disseminated.

Scientific and Peer Review committees include the following:

- RFP Development Teams
- Scientific Review Committees
- Protocol Development Teams
- Drug Development and Pipeline Review
- Scientific Advisory Boards

Flexible Models Facilitate Grant Research

Strong and enduring collaborations with Member Institution investigators and funders are integrated into each platform. NCCN ORP is involved in research projects from start to finish.

Investigator Initiated Research Grant Model: NCCN ORP works with individual or multiple funders and uses a peer-review process to evaluate and approve proposals for investigator initiated research using either investigational or commercially available cancer drugs

Quality Improvement Grant Model: NCCN ORP works with individual or multiple funders and uses a peer-review process to evaluate and approve proposals for quality improvement, outcomes, or education projects.

Protocol Development Model: NCCN ORP organizes a Protocol Development Team to work with industry collaborators to identify their research needs and subsequently design and implement a protocol.

The NCCN ORP provides the following services for all research platforms:

- Facilitates study initiation including contracting and regulatory oversight
- Oversees the conduct of the grant
- Disburses grant funds according to achievement of defined milestones
- Supports the publication of results of the studies

GLOBAL PROGRAMMING

NCCN Global Programming

NCCN is devoted to defining and advancing high-quality, high-value, patient-centered cancer care globally. NCCN has developed strategic global initiatives to ensure awareness, accessibility, and relevancy of NCCN resources.

NCCN Global Corporate Council Membership

International collaborations are a vital part of the development of the NCCN Global Program. In order to advance its mission, NCCN works with various stakeholders in health care, including industry, to identify programming and execute on opportunities that will have a global impact. The NCCN Global Corporate Council is a membership opportunity for industry that serves to build relationships and facilitate collaboration to better serve patients. Global membership may be customized with many of the non-CE programming opportunities highlighted in this prospectus.

Benefits to a Global Corporate Council membership may include*:

- Attendance at annual Global Corporate Council meeting
- Complimentary registration to NCCN Symposia
- Complimentary tuition to NCCN Global Academy
- Subscriptions to NCCN Flash Updates™
- Access to Customizable Global Usage Reports
- Monthly Global Corporate Council newsletter
- NCCN International Trends™ Survey questions
- Advertisements in the *NCCN eBulletin: Global Edition*
- Link to the International Adaptations & Translations of the NCCN Guidelines Table of Contents Web Page
- Recognition of Global Corporate Council membership at NCCN Annual Conference and NCCN Annual Congress: Hematologic Malignancies™
- Acknowledgment on: [NCCN.org/global/supporters](https://www.nccn.org/global/supporters)

Additional items may be included to customize your membership:

- NCCN Rapid Response General Mission Support
- Sponsorship of Mobile Application
- License to use NCCN Guidelines content in promotional and educational materials
- NCCN Guidelines: Pocket Guides or NCCN Guidelines Flash Cards
- Support of Global Policy and Advocacy Webinars
- Subscriptions to *JNCCN—Journal of the National Comprehensive Cancer Network*
- Support NCCN Guidelines translations

**The above benefits are examples of programming that can be included in a membership. Memberships are not limited to the benefits listed above nor are the benefits included in all memberships. NCCN imposes strict policies to shield the NCCN Guidelines development processes from improper influences because of the importance of the guidelines, guidelines credibility and their impact.*

GLOBAL PROGRAMMING

continued from previous page

NCCN Global Academy

Pharmaceutical and biotechnology professionals are given the rare opportunity to view the global oncology space, its future and its current operational issues from the provider, payer, and patient advocate perspective. Participants will improve their working knowledge of key global business, policy, informational, and operational issues in oncology and will gather valuable insights to develop effective strategies for navigating the various constituencies in consideration of worldwide cancer care issues. Through this interactive program, pharmaceutical and biotech professionals will learn from key stakeholders what they view to be the most pressing issues in the global oncology environment and how to apply this knowledge to create mutually successful working relationships.

Professionals from marketing, sales, advocacy, medical affairs, clinical research, international programs, policy and government affairs, and other business areas will better be able to serve their customers with improved knowledge of real-world oncology issues after completion of this program.

Past agenda topics have included:

- Providing Cancer Care for Displaced Populations in Ukraine and the Surrounding Region
- Regional Adaptations - Meet the NCCN Guidelines Panel and Collaborative International Experts
- Global Patient Advocacy and Policy
- Harmonizing Cancer Care for Patients with Resource Constraints
- Global Resources - Meet NCCN Guidelines Panel and Collaborative Experts
- Spreading Equitable and Accessible Cancer Care Through Multilateral Partnerships

GLOBAL PROGRAMMING

continued from previous page

Translation of NCCN Content

The influence of NCCN Content continues to gather momentum throughout all regions of the world, with over 13.3 million copies of the NCCN Guidelines downloaded worldwide. Nearly half of the more than 1.7 million registered users of NCCN.org report that they live outside the United States. NCCN is working to bridge language barriers to NCCN recommendations by growing and maintaining a free library of translations of NCCN Guidelines on NCCN.org as well as within the NCCN mobile app. NCCN offers the opportunity to support translation, maintenance of translations, and distribution of NCCN Content globally. The cost to support NCCN Guidelines translations varies depending on the number of pages, language, and projected updates per version year. A supporting organization has the opportunity to distribute or support NCCN's distribution of the translated NCCN Content globally.

NCCN eBulletin: Global Edition

NCCN eBulletin: Global Edition is an electronic newsletter delivered to all subscribers outside of the U.S. on a monthly basis. It features articles on topics including clinical and operational trends in the delivery of cancer care and the oncology health policy environment, notification of recent updates to the NCCN Guidelines, and links to notable advances in treatment and research at NCCN Member Institutions. Content bridges clinical, policy, and operational perspectives and includes notifications of NCCN updates and news. Reach more than 342,000 oncology professionals from more than 190 countries outside of the United States who are eager to learn from NCCN.

Global Policy and Advocacy Webinars

Discussion across multiple stakeholders is vital to understanding the current state of oncology care, identifying gaps, and enacting meaningful patient-centered policy change for the future. NCCN understands this importance, particularly when working across national lines and in a truly comprehensive, international capacity. In order to advance high-quality, global cancer care, NCCN will host a Global Policy and Advocacy Webinar series to focus on patient engagement in key decision-making points across the cancer care continuum.

Rapid Response General Mission Support

NCCN is seeking support to deliver NCCN resources to providers and patients helping them quickly and effectively navigate disruptions in the oncology spectrum. This support will facilitate physicians' needs allowing them to focus on providing the best possible care for cancer patients in times of crisis.
