ALLOS SUPPORT FOR ASSISTING PATIENTS (ASAP)

Monday - Friday: 9:00 AM to 8:00 PM EST

Phone: 877.ASAP102 (877.272.7102)

Fax: 877.801.0777

www.getASAPinfo.com

Allos Therapeutics, Inc. proudly sponsors the Allos Support for Assisting Patients (ASAP) program, a reimbursement support and patient assistance program designed to help patients and healthcare professionals gain appropriate access to FOLOTYN® (pralatrexate injection). The ASAP program provides the following services:

- Verification of Patient-Specific Insurance Benefits
- Pre-Submission Claims Review and Support
- Prior Authorization Assistance
- Coding and Billing Guidance
- Payer Research
- Denied and Underpaid Claims Assistance
- Patient Assistance Program for Qualified Patients

Allos Therapeutics, Inc. does not guarantee coverage and/or reimbursement for FOLOTYN. Coverage, coding, and reimbursement policies vary significantly by payer, patient, and setting of care. Actual coverage and reimbursement decisions are made by individual payers following the receipt of claims. Allos strongly recommends verifying coverage, coding, and reimbursement guidelines on a payer and patient-specific basis.

REACH (Resource for Expert Assistance and Care Helpline

(Bayer HealthCare Pharmaceuticals and Onyx Pharmaceuticals)

The REACH program assists patients in getting started with Nexavar® (sorafenib) tablets. Nexavar is distributed through designated specialty pharmacy providers (SPPs); it is not available through retail pharmacies. A REACH program counselor will identify an SPP that will fill the Nexavar prescription and send it directly to the patient's home. A REACH program counselor will also call patients to provide help in understanding insurance coverage and the Medicare Part D drug benefit and aid in finding other sources of payment for Nexavar. Enrollment forms are available via REACH at 866.NEXAVAR (866.639.2827), Monday through Friday from 9 AM to 8 PM EST, or at www.nexavar-us.com. The Reimbursement Support Line team has experience with all payer types, including Medicare. Questions answered by the team typically can be classified into one of the following groups:

- Benefit verification
- Coding assistance and billing instruction
- Claims review
- Claims-appeal assistance
- Prior-authorization assistance
- Patient assistance

The On-call Team closely monitors the reimbursement environments for latest changes in Medicare, Medicaid, and private payer reimbursement and coverage policies. In addition, Bayer HealthCare Pharmaceuticals and Onyx Pharmaceuticals offers a patient assistance program that provides treatment to uninsured patients who meet the program requirements.
