| MZL-A Internal request    | Consider the addition of a new suggested treatment regimen page with options appropriate for the following marginal zone lymphomas:  
  - Gastric MALT Lymphoma  
  - Non-gastric MALT lymphoma  
  - Nodal Marginal Zone Lymphoma  
  - Splenic Marginal Zone Lymphoma  
  The panel consensus was to include the first-line therapy, first-line therapy for elderly or infirm and first-line extended therapy options listed on MZL-A 1 of 2 and the second-line and subsequent therapy and the second-line consolidation or extended dosing options listed on MZL-A 2 of 2 for  
  - Gastric MALT Lymphoma  
  - Non-gastric MALT lymphoma  
  - Nodal Marginal Zone Lymphoma  
  - Splenic Marginal Zone Lymphoma  
  These options were all included as category 2A recommendations. | YES | NO | ABSTAIN | ABSENT |
