NCCN Academy for Excellence & Leadership in Oncology™

School of Pharmaceutical & Biotech Business

This program will provide pharmaceutical and biotechnology professionals with the significant opportunity to view the oncology space and its current and future operational issues from the provider and payer perspectives. Enroll now for Wednesday, March 30, 2016 in conjunction with the NCCN 21st Annual Conference: Advancing the Standard of Cancer Care™.

Wednesday, March 30, 2016 | The Diplomat | Hollywood, FL

By attending NCCN Academy, professionals will be able to:

- Hear directly from NCCN Guidelines® Panel Members;
- Improve their working knowledge of key business, policy, coverage, reimbursement, informational, and operational issues in oncology;
- Gather valuable insights into developing effective strategies for navigating the various constituencies in cancer care;
- Learn from key stakeholders what they view to be the most pressing issues in oncology today and how to apply this knowledge to create mutually successful working relationships; and
- Hear thought leaders discuss how their decisions and programs are shaped by certain types of information and data.

Visit NCCN.org/academy to register for an upcoming Academy or customize a curriculum by building a syllabus that truly delivers the most pertinent information for your organization!

“Great job! The panelists were knowledgeable, interesting and the subject matter was timely and relevant.”
