The American Cancer Society is launching a **COVID-19 and Cancer ECHO** to share up-to-date information with non-paid caregivers about how the COVID-19 pandemic impacts cancer patients and how to support cancer patients during the pandemic. National experts from the National Comprehensive Cancer Network and the American Cancer Society will answer your questions in a secure, online environment at no cost. Participants are not required to attend all three sessions.

### JOIN US FOR THE COVID-19 AND CANCER ECHO SERIES

**Wednesday, April 29 from 12:00—1:00 pm ET**

Topics will include:
- What cancer patients need to know about the coronavirus
- What caregivers can do to help if they do not live with that person and are social distancing
- What precautions should cancer patients take when continuing to receive treatment?

**Wednesday, May 6 from 12:00—1:00 pm ET**

Topics will include:
- Lowering the risk of illness
- Why cancer patients are more likely to get infections
- Watching for and preventing infections in people with cancer
- Nurturing your emotional health

**Wednesday, May 13 from 12:00—1:00 pm ET**

Topics will address FAQs during previous sessions
