The NCCN 2022 Annual Congress and related activities are planned to be held as “hybrid” events on October 14 -15, 2022 to include live (in-person) sessions and a virtual option. During the NCCN 2022 Annual Congress world-renowned experts in the management of hematologic malignancies will present the latest treatment advances, updates to the standard of care as recommended in the NCCN Guidelines®, and present unique and challenging patient cases. Chaired by Andrew D. Zelenetz, MD, PhD, *Memorial Sloan Kettering Cancer Center*, this program features presentations and interactive discussions highlighting the treatment options and supportive care for a variety of hematological malignancies.
