Oncology Policy Summit

The Evolving Artificial Intelligence Landscape in Cancer Care

Tuesday, September 9, 2025 | The National Press Club | Washington, D.C.

Join us to discuss policy and practice strategies focused on the rapidly changing AI landscape, the current applications of AI found in practice, the promise of AI for care improvement, and strategies to manage risks posed by AI in healthcare.

Discussions will explore:

- How AI is already being used for a variety of healthcare tasks
- How payers and other healthcare stakeholders are using AI and how these initiatives may impact patient access to guideline adherent care
- Strategies to reduce inequities within AI programming

NEW! Interactive Discussion/Breakout Groups

In-person attendees and experts can exchange ideas about topics explored throughout the summit.
