FREE Patient Webinar
For those with multiple myeloma, their caregivers, and their families

Join experts as they discuss the best care for multiple myeloma (MM). Attendees will learn:

• How to handle the risk of infections in newly diagnosed and relapsed MM
• What to know about MM treatment in the era of COVID-19 and recommendations for vaccinations
• Why and how to exercise with MM
• What nutrition and supplements can do for MM
• How to build your myeloma support team
• Why you need a group of specialists and providers around you, including your primary care physician, local oncologist, caregiver, pharmacist, nurse, dentist, ophthalmologist, and others

Please note that this is not a CE-certified activity.

Agenda

• Introduction
• Expert Discussion of Multiple Myeloma
• Question & Answer Session
