The oncology reimbursement landscape continues to present ever-evolving challenges for clinicians and others who work with patients with cancer. As a response to these ongoing challenges, the NCCN Reimbursement Resource Room is available to all NCCN conference attendees. Visit and learn about what reimbursement programs and services are available!

Additionally, NCCN has online and mobile resources, the NCCN *Virtual* Reimbursement Resource Room and free NCCN Reimbursement Resource App. Clinicians and others who work with patients with cancer can search by cancer type or supportive care indication; drug name; or program name to learn about available reimbursement help and services to help mitigate reimbursement challenges.

AZEDRA Service Connection™ for Pheochromocytoma and Paraganglioma – Progenics Pharmaceuticals, Inc.

R5

Enrollment

AZEDRA Service Connection™ is a complimentary program and provides a simple enrollment process for patients.

Patient Access Specialists

Our team of specialists will help you order AZEDRA and provide one-on-one phone assistance on matters such as out-of-pocket and reimbursement assistance to patients who are prescribed AZEDRA and their caregivers. Patient Access Specialists also connect patients to independent, third-party organizations for support*, including help finding transportation and lodging assistance.*†

1-844-AZEDRA1

<https://azedra.com/support-program/>

*Provided through independent third-party foundations (501(c)(3), tax-exempt nonprofit organizations). AZEDRA Service Connection Program has no control over independent, third-party programs and provides connections as a courtesy only.

† Based on program eligibility.

Bristol-Myers Squibb Access Support™

R1

Bristol-Myers Squibb is committed to helping appropriate patients initiate and maintain access to our medications during the treatment journey. For more information, visit www.BMSAccessSupport.com, or call BMS Access Support at 1-800-861-0048, 8 AM to 8 PM ET, Monday-Friday.

Celgene Patient Support®

R2

Our Specialists are committed to helping patients get their prescribed Celgene medications.

Celgene Patient Support® provides:

- A single Specialist assigned to help patients in your geographic area
- Assistance with understanding patient insurance coverage for Celgene medications
- Information about financial assistance for prescribed Celgene medications

Enrolling patients is simple:

- Enroll online at www.celgenepatientsupport.com
- Call us at 1-800-931-8691, Monday-Thursday, 8 AM to 7 PM ET, and Friday, 8 AM to 6 PM ET (translation services available), or fax 1-800-822-2496
- E-mail us at patientsupport@celgene.com

Genomic Health, Inc.

R10

Medicare and most private insurance carriers cover the Oncotype DX Breast Recurrence Score test for eligible patients with early-stage invasive breast cancer. In addition, Genomic Health created the Genomic Access Program (GAP) to help patients navigate the insurance and payment options for Oncotype DX tests. Through GAP, Genomic Health takes every possible step to ensure testing is affordable, available, and accessible.

To learn more about GAP, contact 866-ONCOTYPE (866-662-6897) or by email at customerservice@genomichealth.com.

IncyteCARES (Incyte Corporation)

R3

Incyte Corporation is a biopharmaceutical company focused on the discovery, development, and commercialization of novel medicines to meet serious unmet medical needs in cancer and other diseases. Incyte is committed to the rigorous pursuit of R&D excellence to improve the lives of patients, make a difference in health care, and build sustainable value.

The Company strives to discover and develop first-in-class and best-in-class medicines—advancing a diverse portfolio comprised of 17 development candidates against 14 different molecular targets.

Headquartered in Wilmington, Delaware, Incyte has offices in Switzerland, nine other European countries and Japan. For more information, visit www.incyte.com and follow @Incyte.

LIBTAYO Surround Patient Support Program (Regeneron)

R6

This program provides:

- Patient support, including help with access to LIBTAYO when eligible patients need assistance with out-of-pocket costs
- Access and reimbursement support, including benefit investigation, prior authorization assistance and appeal support, and claims assistance for billing and reimbursement
- Product support, including product ordering and returns

Lilly Oncology

R12

Lilly PatientOne (lillypatientone.com) strives to offer reliable and individualized treatment support for eligible patients prescribed a Lilly Oncology product. For those who qualify, help can be provided in the following ways:

- Evaluate financial assistance options, including

co-pay programs and independent patient assistance foundations

- Provide reimbursement assistance (eligibility determinations, benefit investigation, prior authorization assistance, appeals information)

NOVARTIS – PANO

R4

Novartis Oncology is committed to helping patients living with cancer receive the medicines they need. Patient Assistance Now Oncology (PANO) offers quick and easy access to information about the broad array of support and reimbursement programs available.

You can get information about our PANO support programs in 2 ways:

1. Call 1-800-282-7630 to speak with a member of our knowledgeable staff dedicated to making access to our programs as simple and convenient as possible; or
2. HCPs visit our website at: <http://www.hcp.novartis.com/>

Patients visit our website at: <http://www.patient.novartis.com/financial-assistance/PANO>

Takeda Oncology

R7

At Takeda Oncology, we endeavor to deliver novel medicines to patients with cancer worldwide through our commitment to science, breakthrough innovation and passion for improving the lives of patients.

This singular focus drives our aspirations to discover, develop and deliver breakthrough oncology therapies. By concentrating the power of leading scientific minds and the vast resources of a global pharmaceutical company, we are finding innovative ways to improve the treatment of cancer.

We know that our mission is not a quick or simple one, but we are up for the task: we aspire to cure cancer.

TerSera Therapeutics

R9

TerSera Therapeutics is a specialty pharmaceutical company headquartered in suburban Chicago with a focus on select therapeutic areas, including oncology. Our mission is to develop products which truly make a difference for patients. Our focus is to bring intelligent solutions to our customers that go beyond the therapy itself in order to provide improved patient outcomes. We look forward to meeting you!

Teva Pharmaceuticals

R8

Teva Pharmaceuticals is a global leader in generic medicines and biopharmaceuticals. Building on more than a century-old legacy, Teva delivers high-quality products to patients in nearly every therapeutic area, has an established presence in generics, specialty, OTC and API, a fully integrated R&D function, strong operational base and global infrastructure and scale.

YOU&i Support Program

R11

The YOU&i Support Program helps to assist patients to start their prescribed treatment with IMBRUVICA® (ibrutinib), and follow their prescribed regimen with Access Support, Affordability Support Options, and a Nurse Support program. Patients have the option to choose one or all three! The Access Support provides rapid benefits investigation, information on the prior authorization process and navigating the exception and appeals process. The Affordability Support Options assist patients to understand affordability support options with IMBRUVICA® (ibrutinib) and the Nursing Support program provides information on and responding to patients' questions about their disease and IMBRUVICA® (ibrutinib).
