

NCCN Oncology Policy Summit:

# SAVE THE DATE

## Value, Access, and Cost of Cancer Care

Friday, September 11, 2015 > The National Press Club > Washington, DC

This summit will provide health care providers, government and regulatory organizations, managed care organizations, pharma-biotech companies, and patient advocacy groups with a forum to explore the convergence of access, value, and cost; and the impact of these three elements on patients with cancer.

**Register now for Friday, September 11, 2015!**

**By attending the NCCN Oncology Policy Summit, professionals will be able to:**

- Understand the value of care provided at academic cancer centers;
- Learn about the impact of narrow networks on access;
- Explore the effect of cost on innovation; and
- Hear how leading stakeholders are addressing the convergence of access, cost, and value.
