

NCCN Patient Advocacy Summit:

# *Value Tools for Patients in Cancer Care*

**Friday, December 9, 2016 | The National Press Club | Washington, D.C.**

The NCCN Patient Advocacy Summit will provide an opportunity for a varied group of stakeholders including patients, patient advocacy organizations, providers, payers, industry, and government, to discuss the current value tools in cancer care that are available for patients.

**Agenda topics include\*:**

- Findings and recommendations from the Value Tools for Patients in Cancer Care Working Group
- Exploring how patients define value in cancer care
- Discussing the gaps, needs, and utility of value tools for patients in cancer care

\*subject to change
